Message From The President

With spring more than half way through and summer just around the corner, MASC has warmed up to provide you with more activities to come. The word "Tehachapi" would be synonymous with camping and urban get-aways. So come and be apart of our family outings and get-togethers.

If you have frequented our website, you may have noticed our new "Interactive Forum" that virtually encourage our members and friends to communicate interactively for social or business reasons. Any of you are welcome to post a message or two in voicing your thoughts.

Mixing business with pleasure is not such a bad idea after all, as we continue to provide more business events in-between our social activities.

The phrase of coming to meet us Malaysians actually starts to sink in with new meaning as we all seem to be an easy-going bunch and a nice group to get to know to. So, come on and have some summer fun together!

Singles at Tehachapi by Pek Ean Chong:

"9 singles and chaperone (you know-lah, we need a couple to keep us singles straight and proper) had a great time up in the mountains away from the rat race.

We were scheduled to leave Pasadena on Friday at 8 pm, Malaysian time-lah. Friday night was an experience in the cold. Mak Mak Ean in all her wisdom told everyone to bring warm things and was ready to hand out thermal underwear (Elan said that he doesn't wear underwear - LOL) and all the he-men decided to tough it out - no "pondan" here-

lah.

The next morning, most everyone was complaining about the cold and not being able to sleep.

We had activities galore - hiking (2 hrs - from 4,000 ft. to 5,000+ ft.), basketball shoot, weight room workout, just relaxing and enjoying nature in all it's glory, table tennis, pool, jacuzzi, sauna and "tai pin loh" (had so much food that we had left overs for Sunday brunch noodles). Several people even went real estate hunting.

The highlight of the trip was the blackjack game. Fred was the banker, Bruce, Elan and Chris kept us in stitches till the wee hours of the morning. We also killed 3 bottles of wine. We all returned fresh, stress free and recharged to face the world.

This call for accommand/return performance. Boleh-lah!!!!"
